PIERCE PROPOSED AMENDMENT # 1

0000138012

TIME/DATE PREPARED: July 13, 2012

COMPANY: Navopache Electric
Cooperative, Inc.

AGENDA ITEM NO.: U-28

DOCKET NO.: E-01787A-11-0186

OPEN MEETING DATE: July 18th and 19th, 2012

Page 11, Line 21

DELETE "with the modification" through the end of the sentence and INSERT:

"except we do not believe it is prudent to approve Navopache's requested revisions to its line extension policy at this time. While Navopache's democratically elected Board of Directors should be accorded a certain amount of discretion in establishing Navopache's policies, we do not believe Navopache has performed sufficient outreach to its members on this issue to justify changing the existing policy. In the recent years, the Commission has sustained significant criticism for eliminating free footage allowance without carefully considering the impacts; we do not want Navopache to make the same mistake. Accordingly, we will preserve Navopache's existing line extension policies as they now stand until such time as Navopache can demonstrate that it has performed sufficient outreach to its members to convince us that a change in its line extension policy is in the public interest."
